Fantastic things to do in September!

The poster for Science Month 2008 features a central image of a car engine with a futuristic, metallic, and somewhat anthropomorphic design. The engine is set against a background of orange and red flames or motion lines. To the right of the engine, the text 'Get into the heart of it' is written in a white, italicized font. Below the engine, the phrase 'fast forward' is written in a bold, red, italicized font, followed by 'the science of speed' in a smaller, white font. At the top left, the dates '15 Aug - 30 Sep 2008' and the website 'www.sciencemonth.org.sg' are listed. At the top right, 'science.08' is written in a white font. At the bottom left, the text 'Now till 30th science.08' is prominently displayed, followed by 'Be part of the Singapore's biggest science festival!' and the website 'www.sciencemonth.org.sg'. At the bottom right, there are logos for the Ministry of Education, Science, Technology and Research and the Singapore Science Centre.
